
Amada Punch 5

nc turret punch press operator's manual - used amada punch ... - the amada turret punch- press is equipped with a numerical control (nc) system in which three driving axes are simultaneously controlled by three dc sen/o motors. the nc system decodes the input command and the corresponding instruction is transmitted to dc servo motors which drive the table and the carriage to position the worksheet for punching.

operator's manual - used amada - aries 245 cnc turret punch press. be sure to read it carefully before installing the machine, operating it, or providing maintenance for it to obtain a thorough knowledge of safe and efficient procedures. operator's manual aries 245 cnc turret.punch press 0 1988 by amada company, ltd-

servo drive turret punch press affordable amada ... - amada power vacuum dies are required to take advantage of the power vacuum system. fine contouring achieves near laser-like precision. using amada's special contouring tool, the machine nibbles at a pitch as small as 0.020" to punch complex curves and shapes at high speeds. this is impossible with typical turret punch press tooling. as a result, **explanation how**
